

Who are we?

The Company Shop is not your everyday supermarket. Our members can snag surplus products from top-notch brands at unbeatable prices, making every pound stretch a little further.

We are The **Surplus Supermarket.**

As the UK's leading redistributor of surplus products, we've got 14 stores across the country, stocked with a constantly changing array of items that are too good to be wasted!

Shop smart & save big.

We check thousands of prices every week, so you can save on average 50% off your shop, while stopping good products from going to waste! Making shopping with us good for budgets, good for bargain hunters and good for the environment too.

Big brand favourites.

COMPANY SHOP

Value never felt so good

What is surplus?

Surplus is **so much more** than just short shelf-life items, it's also:

Excess stock

Missed deliveries

Perfect product, imperfect packaging

Trial products

Seasonal stock

**Fight
food
waste**

Join our exclusive community of savvy shoppers.

Last year, we redistributed over

45,000

tonnes of food and drink.

That's the equivalent of over

108m

meals in total.

This saved our members

£121m

on their shopping.

Which is like feeding the whole UK

1.6 times.

Incredible stuff!
